PROFESSIONAL SUMMARY

Aspiring Full Stack Developer with hands-on experience in Java, Python, and Django. Skilled in building scalable web applications and collaborating in agile environments. Eager to contribute to innovative projects while continuously enhancing my technical expertise

WORK EXPERIENCE

Java Full-Stack Trainee at CODEGNAN DESTINATION

June 2024 – Jan 2025

- Engineered seamless front-end interfaces using HTML, CSS, and JavaScript in a collaborative environment, contributing to resolving key technical challenges that enhanced project efficiency and reduced timelines by one week.
- Technologies Train: Java, JDBC, Spring, Spring Boot, HTML, CSS, JavaScript, MySQL

Full Stack Developer at DATAVALLEY

Feb 2024 – April 2024

- Completed a 240-hour internship at DATAVALLEY as a Full Stack Developer, enhancing expertise in Java development and gaining practical experience in building and integrating robust web applications.
- Technologies Train: HTML, CSS, JavaScript, Java, MySQL, JDBC

PROJECTS

Implementing A Food Calorie Counting System with Django | (Web Application)

Jan 2024 – April 2024

- Designed and implemented a Django-based system for analyzing food intake and user-specific factors, empowering over 300 users to make informed, healthier eating choices, resulting in improved dietary habits and overall user satisfaction.
- Technologies used: Django, HTML, CSS, JavaScript, MySQL

Diary | (Web Application) Links:- /

Sec 2024 – Dec 2024

- The Diary Application aims to provide a secure and user-friendly platform for users to manage, and access their personal notes, featuring user authentication, CRUD operations, rich text editing, and search functionality.
- Technologies used: Java, JDBC, Servlets, Java EE, JSP, HTML, CSS, JavaScript, MySQL

LoveYou | (Web Application) Links:-

Dec 2024 – Jan 2024

- The LoveYou Project is a unique platform that blends e-commerce with relationship-based features, offering couples interactive tools like love calculators, FLAMES, and love matches, alongside a curated selection of products.
- Technologies used: Java, Spring Boot, Spring Data JPA, JSP, HTML, CSS, JavaScript, MySQL

TECHNICAL SKILLS AND INTERESTS

- Front-End Technologies:** HTML, CSS, JavaScript
- Back-End Programming Languages:** Python, Java
- Databases:** MySQL
- Frameworks | Software:** Spring Boot
- Interests:** Data Structures and Algorithms (DSA), OOP (Object-Oriented Programming)
- Soft Skills:** Problem-Solving, Team Collaboration, Communication, Adaptability, Time Management

EDUCATION

Andhra Loyola Institute of Engineering and Technology

Bachelor of Technology in Computer Science and Engineering, **CGPA: 7.59 out of 10**

Andhra Pradesh, India

Aug 2020 – May 2024

Sri Chaitanya Junior College

Board Of Intermediate Examinations Andhra Pradesh, **CGPA: 9.5 out of 10**

Andhra Pradesh, India

July 2018 – May 2020

Zilla Parishad High School

Board Of Secondary Education Andhra Pradesh **CGPA: 8.7 out of 10**

Andhra Pradesh, India

June 2017 – May 2018

ACHIEVEMENTS

- Presented 'Food Calorie Counting System Using Django' at NECICAIEA-2K24, earning a Certificate of Publication for innovative dietary tracking.
- Won 1st Prize in SSC-level Science Expo for designing a drainage water management system, addressing urban waterlogging issues.
- Participated in the International Conference on AI and Its Emerging Areas, gaining insights into cutting-edge AI technologies.

CERTIFICATIONS

- Certified in C++ programming through Udemy.
- Certified "The Joy of Computing Using Python" by NPTEL.
- MySQL (Basic and Intermediate) Certified by HackerRank.
- Java (Basic) Certified by HackerRank.

LANGUAGES KNOWN

- English (Professional Proficiency)
- Telugu (Native)
- Hindi (Elementary Proficiency)
